More than 120 years united to you

Building cities to live in, executing and developing civil works projects and singular building that have made us a benchmark for the sector, nationally and internationally.

Throughout all these years, we have known how to adapt and overcome different situations, reaching a model of responsible growth based on the creation of value.

Sustainability is very important for FCC Construcción and is imbued in the production processes and in the day-to-day of the company, which is why our activities contribute to progress towards the achievement of the Sustainable Development objectives.

Now more than ever we must all work to create an unstoppable force and achieve the global goals.
