
Corporate

Value contribution

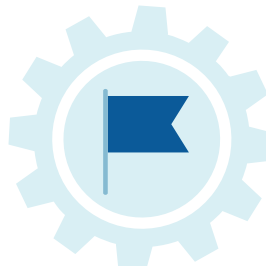

Internationalization

Present in **25 countries**.

Experience

More than **120 years** of experience.

Innovation

Development of **nnovative technologies**
in each project.

Care of environment

System of good environmental practices
implemented in all works.

Environmental management system
certificate according to: **UNE-EN ISO 14001**.

Professionalism

Team of more than **8.500 professionals** with its own technical services that they support the works.

Quality

Based on permanent improvement. System Quality management certificate according to: **UNE-EN ISO 9001**.

Security and health

The safety and health of people are a priority.

Risk prevention management system labor certified according to: **OHSAS 18001**.

Local development

Community development support where it operates.

Activities

Civil work

-  Motorways, highways and roads
-  Bridges
-  Tunnels
-  Railway Works
-  Airport works
-  Maritime works
-  Hydraulic works

Concessions

-  Highways and roads (C)
-  Tunnels (C)
-  Metro and trams (C)
-  Port Terminals (C)
-  Airports (C)
-  Non-residential buildings (C)

Building and rehabilitation

-  Housing and housing developments
-  Non-residential building
-  Rehabilitation

Industrial

-  EPC projects
-  Oil and Gas projects
-  Distribution networks
-  Electromechanical installations
-  Maintenance and energy efficiency
-  IT systems
-  Electric panels
-  Other activities:
 - Prefabricated construction
 - Infrastructure maintenance
 - Brand design
